

Program Philosophy

Message of Hope believes that each individual, regardless of race, religion, economic status, or chosen life style is entitled to quality care provided with respect for the dignity and integrity of the person. Further, the program believes that it's clients are capable of personal growth and change; services are provided in a dynamic treatment focused atmosphere, thus, affirming this belief.

Mission Statement

To pursue excellence in providing exceptional outpatient substance abuse services, resulting in measured improvement against established standards. We strive to enable people affected by or at risk of addictive disorders to lead healthy and productive lives through prevention, education, treatment and research.
